TAN-TAR-A CONFERENCE CENTER | OSAGE BEACH

Missouri Music Educators Association

A Federated State Association of the National Association for Music Education

Welcome to this All-State Concert of the Missouri Music Educators Association 85th In-Service Workshop/Conference, “Grow MO: Telling Our Story and Influencing Our Future” If there is anything that fits our theme at this conference, it is the All-State Performances. These fine young musicians ARE the future of music education in Missouri. They are beginning their story and being influenced by the thousands of music teachers in our state. Their performance represents the highest level of achievement a high school musician can attain.

Since 1938, the Missouri Music Educators Association has made this beauty possible by relentlessly pursuing the first objective in our constitution which is to promote and advance music education in Missouri. MMEA is exceedingly proud to host the All-State ensembles in partnership with our affiliate associations: the Missouri Association for Jazz Education, the Missouri Bandmasters Association, the Missouri Chapter of the American String Teachers Association, and the Missouri Choral Directors Association. MMEA is also very proud of the, now, two All-State ensembles that we sponsor, the Missouri All-State Children’s Choir and the newest All-State ensemble, the Collective.

Just like any behavior or skill, excellence is taught. These students were taught to practice and taught to strive to be their absolute best. This excellence has been nurtured at home, at school and in the communities from which these students come. Communities that value a well-rounded educational experience that includes music education. Places where being in a performance ensemble is a necessity to learn critical thinking and problem solving skills, teamwork and social skills. And maybe the most important skill of all, an appreciation of beauty that can be recognized beyond political leanings or any other differences. Music is important because it makes better people out of us all.

On behalf of the Missouri Music Educators Association, thank you for being here to support the journey of these students and the incredibly hard work of their music teachers. You are an important part of their story and you are influencing their future with your presence and support.

The Collective is a unique group of vocalists and multi-instrumentalists from across the state who have come together to perform a concert of completely original music. The Collective's process has been student-led, guided by two expert facilitators, that began in December via Zoom. During the four virtual meetings that took place prior to them gathering at the MMEA conference on Monday, the musicians shared their musical ideas and have been collaborating to create the songs performed this evening.

About the conductor...

Kevin Noe is currently Director of Orchestras and Professor of Conducting at the UMKC Conservatory of Music and Artistic Director of the Pittsburgh New Music Ensemble. A passionate promoter of the arts of our time, Noe has commissioned and premiered over one hundred new works to date.

With a background in the theatre, he serves regularly as writer, stage director, singer, actor, and filmmaker for a variety of mixed-media productions. As an audio and mixing engineer, Noe is bringing new thinking to the field of classical music performance and recording. Using binaural sound technology and an audience in headphones, he has developed an immersive and expressive recording and performance paradigm that brings the listener into the heart of the musical story. Noe has worked at Michigan State University, the University of Texas at Austin, the National Repertory Orchestra, the Pittsburgh Symphony, Duquesne University, the Pittsburgh Opera, the Melbourne Conservatory, the Oberlin Conservatory, and the Jacobs School of Music at Indiana University, and has conducted All-State and honors orchestras all across the US.

A passionate conducting teacher, Noe's students hold positions internationally with professional orchestras and universities including the Cleveland Orchestra, The Colorado Symphony, MIT, The Lawrence Conservatory of Music, Baldwin Wallace Conservatory, George Mason University, the University of New Mexico, The University of Colorado, and the National Orchestra of Bolivia. A regular clinician on the art of score study and interpretation, Noe is currently working on his first book entitled *A Heretic's Guide to Conducting* — focusing on the art of interpretation, leadership, conducting, and a life in the arts.

About the conductor...

Conductor-teacher **Kristina Caswell MacMullen** has devoted her career to sharing music and inspiration with students and audiences. Her collaborations with fellow musicians continue to confirm her abiding hope for the future and an unflagging belief in the power of choral music. Currently, MacMullen serves as an Associate Professor of Choral Conducting at the University of North Texas where she conducts the University Singers, Kalandra, and instructs both undergraduate and graduate students in conducting and rehearsal pedagogy. Prior to her appointment at UNT, Kristina spent eight years on the faculty of The Ohio State University. While at OSU, her interdisciplinary work earned her the Sir William Osler Award for Humanism in Medicine. MacMullen believes that great potential lies in choral performance and creative communication. She strives to guide her students, as they desire to impact the world they will inherit for the better. Creative projects include interdisciplinary performances addressing human trafficking, the Kubler-Ross stages of grief, play theory, Maslow's hierarchy of needs, female archetype exploration, American song, civic engagement, and the nature of tears. As an active adjudicator and clinician, MacMullen has conducted All-State and honors choirs throughout the United States. She has presented and co-presented interest sessions at state, regional, national and international conferences. Recent and upcoming engagements involve students in New Mexico, Michigan, South Carolina, Kansas, Montana, North Dakota, and Texas. Her teaching and conducting is featured on the DVD *Conducting-Teaching: Real World Strategies for Success* published by GIA (2009). Her editions for treble choir are published by Boosey & Hawkes, Musicatus Press, and MusicSpoke. MacMullen earned both the Bachelor of Music Education and Master of Music degrees from Michigan State University. She completed the Doctor of Musical Arts degree at Texas Tech University. Kristina has enjoyed a diverse career as a public-school teacher, interacting with students in rural, suburban, and urban settings, elementary through high school. She also sings with the professional ensemble Mirabai.

About the accompanist...

Cheryl Nichols has been making music with friends of all ages for more than forty years. She has been a collaborative pianist with countless ensembles and soloists, and is an active member of the American Choral Directors Association. Serving ACDA, she has been accompanist coordinator for clinics and music conferences in Missouri and for ACDA's Southwestern region. Cheryl has accompanied the Missouri All-State Choir for 19 years. Cheryl is currently a vocal teacher and accompanist at Jefferson City Public Secondary schools. Nichols serves as director of the choir and music at Peace United Church of Christ in her hometown of Hartsburg, Missouri.

Financial support for Kristina Caswell MacMullen's appearance at the MMEA Conference was made available by the Missouri Alliance for Arts Education through a grant from the Missouri Arts Council: a state agency.
