## Music Adjudicator Training Seminars

There will be two MSHSAA Music Adjudicator Training Seminars held this summer in conjunction with the Missouri Bandmasters Association and the Missouri Choral Directors Association summer conferences. These seminars are free and any interested party may attend. In order to become certified after completion of the course, it is a requirement that individuals have a music degree and 10 years teaching experience. The course would be beneficial to all directors, however, even if they have less than 10 years experience. MSHSAA needs a minimum of ten preregistrations in order to conduct the training seminars.

To preregister, simply complete and return the registration form below.
